DEDICATION

LYN Development Corporation is a union certified company specializing in interior construction. We provide complete planning, coordination and construction services for your office or retail renovation, remodel, or relocation.

LYN Development is also a Pennsylvania certified Woman Business Enterprise (WBE) operating in Western Pennsylvania. The accomplished principles of LYN Development Corporation bring to you over 70 years of combined construction experience.

Our qualified staff of carpenters and superintendents are available to customize your project using their millwork, drywall, casework, specialty ceiling, and finishing knowledge. Our project managers and office staff will procure your permits as well as provide you with a complete site survey, floor plan or customized survey. They will furnish your company with a competitive bid and ensure the planning stage and construction process of your project to be trouble-free.

We focus our efforts on your complete satisfaction. Having an extensive foundation of building knowledge, we have successfully constructed professional healthcare offices, business offices, retail outlets and hair salons to name a few.
